Dear Mr. Weisberg

Thanks for writing back and thanks for not being mad.

Your right the more I read the more I relize that most people who write books are not telling the truth. There making bigger deal out of every thing.

The reason why I read mores book was because I felt like I needed some bull to read. I know what more says is false and he probably wrote his book just to make a buck.

Like I said befor I allays beleaved Connally was hit by one bullet. Then like I said I never really ruled out the chance of Connally being hit by two bullets.

I read 50 page in White II but I had too quit reading it because, Sorry to say the printing is to smaee. So I have to ask would I get as much out of reading, The Selections from White Wash. The printing is bigger and it is easer for me to read.

I started reading it already and I do have questions but they will have to wait.

I do have a question now that can be answered right now. In White Wash II Chapter Titled The Curry Phone, Are you saying that nobody reseelly tried to get ahold of him?

I guess I need alot more information on OSwald. I read more of The Warren Commison report. I wounder how the Goverment Could have printed this Lie.

I'll look over Post Mortem and see what's in the index.
But I did not buy Never Again but I'll do it.
If it is still ok I would like to visit during my Spring Vacation in April, If that is OK.
If I am writing to much let me know. See ya
